

# About the Programme

The Classroom Mentoring Program at **ABHYAS IAS ACADEMY** forms an essential part of its Foundation Course for the UPSC Civil Services Examination. It is carefully structured to deliver systematic, in-depth, and personalized guidance to aspirants. Under the mentorship of experienced faculty, students receive tailored preparation strategies, consistent evaluation, and focused academic direction to effectively navigate the extensive UPSC syllabus and examination pressure.

By integrating dedicated mentorship with intensive practice, the program strengthens conceptual clarity, analytical thinking, and problem-solving capabilities, while ensuring efficient utilization of time and resources across all three stages of the UPSC examination.

## Key Features of the Program

### Integrated Prelims & Mains Preparation

Comprehensive and synchronized coverage of both stages through a well-structured, expert-designed curriculum, eliminating the need for separate preparation strategies.

### Personalized One-on-One Mentorship

Individual guidance from experienced mentors with customized strategies based on strengths, weaknesses, and continuous performance improvement.

### Daily & Weekly Revision Tests

Regular practice tests covering both objective (Prelims) and descriptive (Mains) formats, including full-length mock exams to simulate real exam conditions.

### Dedicated Daily Answer Writing Practice

Structured daily answer writing with immediate evaluation and constructive feedback to improve content quality, structure, clarity, and time management.

### Toppers' Guidance & Optional Strategy

Interactive sessions with successful candidates offering practical preparation insights, along with expert guidance for selecting and excelling in optional subjects

### Continuous Performance Tracking & Feedback

Data-driven analysis after every test, subject-wise evaluation, identification of improvement areas, personalized action plans, peer benchmarking, and regular mentor review sessions.

### Structured Revision & Performance Enhancement

Focused monitoring, detailed feedback on answer presentation and content depth, ensuring measurable progress throughout the preparation journey.

### Psychological Support & Well-Being

Stress management guidance, motivation-building sessions, burnout handling strategies, confidence workshops, and personalized support to build mental resilience and exam temperament.
